

DONATE

MN ADOPT serves adoptive, kinship, and foster families by providing information, resources, education, public awareness, and support in an effort to find stable and permanent homes for Minnesota's Waiting Children.

MN ADOPT Launches Post Adoption Navigator Program

January marked the launch of the new Post-Adoption Navigator program at MN ADOPT!

As part of the MN ADOPT HELP Program, the Post-Adoption Navigator proactively reaches out to families who have recently finalized the adoption of a child from Minnesota foster care, to share information on post-adoption support available in Minnesota. Examples of resources commonly shared with families can include parent/caregiver support groups, youth support groups and activities, therapeutic services, youth and family camps, training opportunities and more. The Navigator provides responsive follow-up communication and check-ins to ensure families have the information they need to effectively get connected to post-adoption services. Post-Adoption Navigator support is phone/email-based, FREE and available to any Minnesota family who recently adopted a child who was under state or tribal guardianship, as well as kinship adoption families.

Below is a video from a recent Kid Connection featuring MN ADOPT's Post

Adoption Navigator, Hannah.

Sign up for Free Event Opportunities

MN ADOPT is fortunate to have great partnerships with many community organizations that create free ticket opportunities for foster, adoptive and kinship families. Some examples include free tickets to see local sporting events, such as the Minnesota Timberwolves, Twins and Lynx. We also have occasional ticket opportunities for local theaters and family attractions.

Use the link below to sign up today or share with any adoptive, foster or kinship families you think would be interested.

Make a Difference by Sharing Your Story

We need your help spreading the word! Your story can provide a powerful tool in helping educate and prepare others for becoming adoptive or foster parents. This is a great opportunity to lend your voice and have an impact on the lives of Minnesota children.

We are in need of adoptive parents, foster parents, kinship families, adopted persons and foster care alumni who are open to sharing their stories through participation in panels, conferences, social media, and media features. Please complete the form from the link below to join the MN ADOPT Speaker's Bureau.
